medi

juxtalite® & juxtafit® lower legging

Our packs contain all the component parts that you need without having to buy extras, such as foot pieces and liners.

Juxtalite

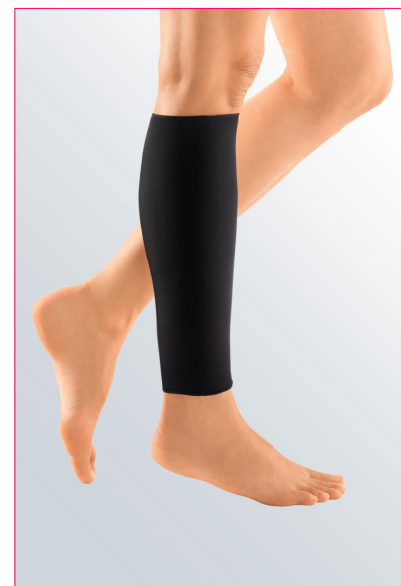

Now supplied with 2 compressive foot liners to control foot oedema and also make application easy.

- Measurable compression with the BPS ensures effective compression.
- Individually adjustable bands allow for enhanced fitting and easy patient readjustment.
- 4 sizes of liner; 2 x moderate compression and 2 x firm compression, in standard and large foot size.
- Simple and safe application - perfect for use in selfcare.
- 6 month warranty.

Juxtafit lower leg

Now with the addition of:

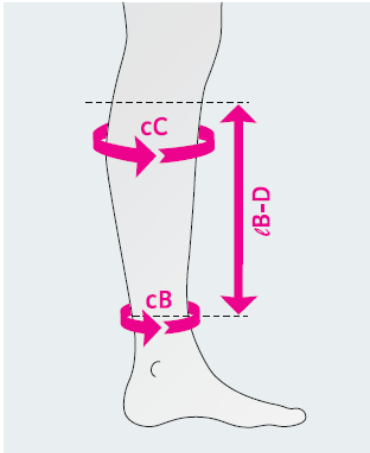

- 2 x black compressive foot liners.
- Pressure added compression (PAC) band for extra foot management in the case of stubborn foot oedema - low profile & easy to manage – tailored to each individual foot.
- Black silky smooth *cover-up which can be used to prevent Velcro catching & make application of clothing easier.
- **Still with our 12 month warranty. No other wrap can offer this.**

*Black silk cover-up
